Dear Sir:

The below-named attorney of record, authorized to act on the behalf of the assignee of record, hereby disclaims the terminal part of the entire patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term of the patent that issues from allowed U.S. application 09/764,565, the parent of the instant

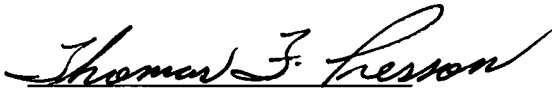

application (the "Patent"), and hereby agrees that any patent so granted shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the Patent. This agreement is to run with any patent granted on the present application and to be binding upon the grantee, its successors or assigns. The undersigned further states that 100% of the title to the present application is in Sony Corporation, a Japanese corporation, by virtue of an assignment from the inventors. The assignment was recorded on April 20, 2001 at reel 011738, frame 0301 of parent application 09/764,565.

The evidentiary documents accompanying or referred to in this Terminal Disclaimer have been reviewed by the undersigned and it is certified that to the best of the undersigned's knowledge and belief, title is in the assignee seeking to take action.

The below-named attorney of record does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of the Patent, in the event that: the Patent later expires for failure to pay a maintenance fee; is held unenforceable; is found invalid; is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a); or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

Please charge any insufficient fees or credit any overpayment associated with this  
Terminal Disclaimer to Deposit Account No. 50-0320.

Respectfully submitted,
